

OVVO PD20

Permanent End Drilling Connector

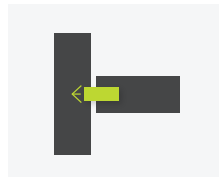

The OVVO PD20 Permanent End Drilling connector is designed to work into the end of panels of thickness from 15mm and above, in a wide range of materials. The OVVO PD20 connector set enables panels to be simply snapped together. The patented fir tree legs are designed to fit into industry standard 32mm centres, for efficient panel processing.

Available in boxes of 200 and 1000
